

Final Assessment – Class 24

Chapter-End Activities

Activity 1: Overall Performance Assessment

Objective

To evaluate students overall knowledge, practical skills, communication, logical thinking, teamwork, and participation throughout the entire course.

Assessment Areas

- Computer Skills
- Typing Skills
- Digital Awareness
- English Communication
- Mathematics Logic
- Practical Activities
- Classroom Participation
- Teamwork
- Creativity
- Confidence

Evaluation Criteria

Assessment Area	Marks
Computer Skills	15
Typing Skills	15
Digital Awareness	15
English Communication	15
Mathematics Logic	15
Practical Performance	10
Communication & Presentation	5
Teamwork & Participation	5
Discipline & Attendance	5
Total	100 Marks

Activity 2: Best Team Award

Objective

To recognize the team that demonstrates excellent collaboration, cooperation, communication, and problem-solving skills throughout the course.

Evaluation Criteria

- Teamwork
- Equal Participation
- Cooperation
- Leadership
- Communication
- Creativity
- Time Management
- Respect for Team Members

Recognition

Best Team Award

Awarded to the team that consistently works together, supports one another, and successfully completes classroom activities with enthusiasm and responsibility.

Activity 3: Best Speaker Award

Objective

To recognize students who demonstrate excellent public speaking and communication skills.

Evaluation Criteria

- Confidence
- Fluency
- Pronunciation
- Voice Clarity
- Eye Contact
- Body Language
- Stage Presence
- Audience Engagement

Recognition

Best Speaker Award

Awarded to the student who delivers speeches confidently, communicates ideas clearly, and speaks with excellent pronunciation and expression.

Activity 4: Best Typist Award

Objective

To recognize students who demonstrate outstanding typing speed, accuracy, and keyboard skills.

Evaluation Criteria

- Typing Speed
- Typing Accuracy
- Correct Finger Placement
- Proper Use of Capital Letters
- Correct Punctuation
- Keyboard Confidence
- Error-Free Typing

Recognition

Best Typist Award

Awarded to the student who achieves excellent typing speed and accuracy while maintaining proper keyboard techniques.

Activity 5: Best Performer Award

Objective

To recognize the student who demonstrates outstanding overall performance in academics, practical activities, communication, teamwork, and discipline throughout the course.

Evaluation Criteria

- Academic Performance
- Practical Skills
- Communication Skills
- Logical Thinking
- Creativity
- Leadership
- Teamwork
- Confidence
- Discipline
- Positive Attitude

Recognition

Best Performer Award

Awarded to the student who consistently excels in all learning areas, actively participates in classroom activities, demonstrates leadership, and maintains a positive attitude throughout the course.

Teacher's Final Feedback

The teacher provides individual feedback based on:

- Academic Progress
 - Practical Skills
 - Communication Skills
 - Typing Improvement
 - Digital Awareness
 - Logical Thinking
 - Creativity
 - Participation
 - Teamwork
 - Areas for Future Improvement
-

Student Reflection Activity

Students complete a short reflection by answering the following questions:

1. What was your favorite chapter in this course?
2. Which activity did you enjoy the most?

3. What new skill did you learn?
4. Which topic would you like to improve further?
5. How will you use these skills in your daily life?

Course Completion Recognition

Students are appreciated for successfully completing the Class V Digital Skills Programme.

Recognition Categories

- 🏆 Best Performer Award
- 👥 Best Team Award
- 🎤 Best Speaker Award
- 🖨️ Best Typist Award
- 🧠 Best Problem Solver Award
- 💻 Best Digital Citizen Award
- ☀️ Most Improved Student Award
- 🏅 Outstanding Participation Award

Final Evaluation Rubric

Evaluation Area	Marks
Theory Assessment	40
Practical Assessment	30
Communication Skills	10
Typing Skills	5
Mathematics Logic	5
Teamwork & Participation	5
Discipline & Attendance	5
Total	100 Marks

Course Learning Outcomes

After successfully completing the **Final Assessment**, students will be able to:

- Demonstrate a strong understanding of **Computer Skills, Typing Skills, Digital Awareness, English Communication, and Mathematics Logic**.
- Apply computer knowledge, digital awareness, communication skills, and mathematical reasoning in real-life situations.
- Type accurately using proper keyboard techniques with improved speed and confidence.
- Communicate effectively through speaking, reading, presentations, and teamwork.
- Solve mathematical and logical problems using critical thinking and problem-solving strategies.
- Work collaboratively with peers while showing leadership, responsibility, creativity, and respect.
- Exhibit confidence, discipline, digital citizenship, and readiness for the next level of learning.
