Class 1: Hardware Device Identification, Computer System Labeling Activity & Picture Matching Worksheet. Class 2: Input, Output & Storage Device Sorting Game, Device Classification Worksheet & Team Activity. Class 3: Computer Care Checklist, Digital Ethics Role Play, Responsible Technology Discussion & Safety Poster Activity. Class 4: Computer Quiz, Picture Identification, Team Challenge, Oral Assessment & Practical Revision.	Computer Quiz Competition, Hardware Identification Challenge, Team Presentation, Digital Citizenship Quiz, Computer Safety Poster Competition, Oral Assessment & Practical Evaluation

Chapter 1: Computer Skills (Classes 1–4) – Class V

Class 1 – Computer Fundamentals, Hardware Devices & Computer System

Topics Covered

- Introduction to Computers
- Computer Fundamentals
- Computer System
- Hardware Devices
- Internal Hardware
- External Hardware
- Functions of Hardware Devices
- Input, Output and Storage Overview
- Uses of Computers in Daily Life
- Advantages of Computers
- Basic Computer Terminology
- Revision

Class 2 – Input, Output & Storage Devices in Daily Life

Topics Covered

- Input Devices
- Output Devices
- Storage Devices
- Keyboard
- Mouse
- Scanner
- Microphone
- Webcam
- Monitor
- Printer
- Speakers
- Hard Disk
- Pen Drive
- Memory Card
- CD/DVD
- Device Classification
- Uses of Devices in Daily Life
- Revision

Class 3 – Computer Care, Digital Ethics & Responsible Technology Use

Topics Covered

- Computer Care and Maintenance
 - Safe Handling of Computer Equipment
 - Computer Lab Rules
 - Digital Ethics
 - Responsible Use of Technology
 - Internet Safety Basics
 - Creating Strong Passwords
 - Protecting Personal Information
 - Cyber Safety Rules
 - Respecting Others Online
 - Screen Time Awareness
 - Good Digital Habits
 - Digital Footprint (Introduction)
 - Revision
-

Class 4 – Revision, Discussion & Assessment

Topics Covered

- Revision of Computer Fundamentals
- Revision of Hardware Devices
- Revision of Input, Output & Storage Devices
- Revision of Computer Care
- Revision of Digital Ethics
- Revision of Responsible Technology Use
- Computer Safety Review
- Device Identification Practice
- Question & Answer Session
- Chapter Assessment
- Oral Discussion
- Feedback & Improvement Tips
