

Chapter 2: Typing Skills

Class 5: Practical / Activities (20 Minutes)

Topic: Keyboard Identification Activity, Paper Keyboard Practice, Finger Placement Exercise & Home Row Drill

Activity 1: Keyboard Identification Activity (5 Minutes)

Objective

To help students identify the different sections of a computer keyboard and understand the functions of important keys.

Materials Required

- Computer Keyboard or Laptop
- Large Keyboard Chart
- Keyboard Flashcards
- Keyboard Identification Worksheet
- Whiteboard & Marker

Instructions

1. The teacher displays a computer keyboard or a large keyboard chart.
2. Explain the different sections of the keyboard.
3. Ask students to point to each key as the teacher names it.
4. Students identify the key and explain its function.
5. Complete the worksheet by labeling the keyboard.

Keys to Identify

- Alphabet Keys
- Number Keys
- Function Keys (F1–F12)
- Arrow Keys
- Enter Key
- Spacebar

- Backspace Key
- Shift Key
- Caps Lock Key
- Tab Key
- Delete Key

Teacher Observation Checklist

- ☐ Identifies keyboard sections correctly.
 - ☐ Recognizes important keys.
 - ☐ Explains key functions.
 - ☐ Participates actively.
 - ☐ Completes the worksheet independently.
-

Activity 2: Paper Keyboard Practice (5 Minutes)

Objective

To help students become familiar with the keyboard layout before using a real computer.

Materials Required

- Printed Paper Keyboard
- Pencil
- Colour Pens (Optional)
- Home Row Key Labels

Instructions

1. Give each student a printed paper keyboard.
2. Students locate the Home Row Keys.
3. Ask students to colour:
 - Alphabet Keys – Blue
 - Number Keys – Green
 - Function Keys – Yellow
 - Special Keys – Red

4. Students trace finger movement on the paper keyboard.
5. Teacher checks correct finger positioning.

Practice Tasks

- Circle the Home Row Keys.
- Colour the Spacebar.
- Mark the Enter Key.
- Locate the Shift Key.
- Find the Backspace Key.

Teacher Observation Checklist

- ☐ Identifies Home Row Keys.
 - ☐ Correctly colours keyboard sections.
 - ☐ Understands keyboard layout.
 - ☐ Follows instructions carefully.
 - ☐ Demonstrates good observation skills.
-

Activity 3: Finger Placement Exercise (5 Minutes)

Objective

To teach students the correct placement of fingers on the Home Row Keys for accurate typing.

Materials Required

- Computer Keyboard or Laptop
- Paper Keyboard
- Finger Placement Chart

Instructions

1. Ask students to place both hands on the keyboard.
2. Demonstrate the correct finger positions.
3. Students copy the finger placement.

4. Practice lifting and returning fingers to the Home Row Keys.
5. Repeat the exercise several times.

Correct Finger Placement

Left Hand

- Little Finger → A
- Ring Finger → S
- Middle Finger → D
- Index Finger → F

Right Hand

- Index Finger → J
- Middle Finger → K
- Ring Finger → L
- Little Finger → ;

Thumbs

- Spacebar

Practice Commands

- Place fingers.
- Lift fingers.
- Return to Home Row.
- Press the Spacebar.
- Repeat five times.

Teacher Observation Checklist

- ☐ Places fingers correctly.
 - ☐ Maintains proper hand position.
 - ☐ Uses both hands correctly.
 - ☐ Demonstrates confidence.
 - ☐ Follows instructions accurately.
-

Activity 4: Home Row Drill (5 Minutes)

Objective

To improve finger coordination, typing rhythm, and familiarity with the Home Row Keys.

Materials Required

- Computer Keyboard
- Typing Practice Sheet
- Timer

Instructions

1. Students sit with proper typing posture.
2. Keep fingers on the Home Row Keys.
3. Type the given letter combinations slowly and accurately.
4. Focus on correct finger movement rather than speed.
5. Repeat each drill three times.

Typing Drill

ASDF JKL;
ASDF JKL;

Challenge Practice

Type the following words:

- sad
- ask
- dad
- fall
- all

- flask
- salad

Teacher Observation Checklist

- ☐ Uses correct finger placement.
 - ☐ Types without looking at the keyboard frequently.
 - ☐ Maintains good posture.
 - ☐ Types accurately.
 - ☐ Completes the drill successfully.
-

Practical Time Distribution

Activity	Duration
Keyboard Identification Activity	5 Minutes
Paper Keyboard Practice	5 Minutes
Finger Placement Exercise	5 Minutes
Home Row Drill	5 Minutes
Total Practical Time	20 Minutes

Expected Learning Outcomes

After completing these practical activities, students will be able to:

- Identify the different sections and important keys of a computer keyboard.
- Demonstrate correct **Home Row Key** finger placement.
- Follow proper typing posture and keyboard handling techniques.
- Perform basic Home Row typing drills with improved confidence and accuracy.
- Develop the foundation for touch typing through regular guided practice.
- Build coordination, concentration, and keyboard familiarity for future typing lessons.
