

Chapter	Classes	Topics Covered	Practical / Activities (20 Minutes)	Chapter-End Activity
Chapter 5: Mathematics Logic	Classes 20–23	Class 20: Number Patterns, Sequences & Mathematical Reasoning. Class 21: Logical Reasoning, Visual Puzzles & Brain Teasers. Class 22: Mental Mathematics, Strategy Games & Problem Solving. Class 23: Revision, Mathematics Logic Assessment & Problem-Solving Evaluation.	Class 20: Pattern Completion Activity, Number Sequence Challenge, Skip Counting Game & Number Puzzle Worksheet. Class 21: Visual Puzzle Activity, Shape Matching Challenge, Odd One Out Game & Logical Thinking Worksheet. Class 22: Mental Mathematics Race, Sudoku Practice, Strategy Game Challenge & Team Problem-Solving Activity. Class 23: Mathematics Logic Quiz, Brain Teaser Challenge, Team Puzzle Competition, Oral Reasoning Assessment & Practical Revision.	Mathematics Logic Quiz Competition, Mental Mathematics Challenge, Puzzle Solving Contest, Sudoku Competition, Team Problem-Solving Challenge, Best Problem Solver Award, Oral Assessment & Practical Evaluation

Chapter 5: Mathematics Logic (Classes 20–23) – Class V

Class 20 – Number Patterns, Sequences & Mathematical Reasoning

Topics Covered

- Introduction to Number Patterns
- Identifying Number Sequences
- Even and Odd Number Patterns
- Skip Counting (2s, 5s, 10s, 25s, 50s & 100s)
- Ascending and Descending Order
- Missing Numbers
- Pattern Completion
- Shape Patterns
- Logical Number Series
- Mathematical Reasoning (Basic)
- Problem-Solving Strategies
- Daily Life Number Patterns
- Revision

Class 21 – Logical Reasoning, Visual Puzzles & Brain Teasers

Topics Covered

- Introduction to Logical Thinking
- Picture-Based Reasoning
- Visual Pattern Recognition
- Find the Odd One Out
- Shape Matching
- Mirror Images (Basic)
- Complete the Pattern
- Direction Sense (Basic)
- Analogy (Simple Comparisons)
- Brain Teasers
- Observation Skills
- Critical Thinking Activities
- Revision

Class 22 – Mental Mathematics, Strategy Games & Problem Solving

Topics Covered

- Mental Addition and Subtraction
- Quick Multiplication and Division Tricks
- Estimation Skills
- Number Comparisons
- Time-Based Mental Mathematics
- Logical Problem Solving
- Sudoku (Basic)
- Magic Squares (Simple)
- Strategy Games
- Decision-Making Activities
- Real-Life Mathematics Applications
- Team Problem Solving
- Revision

Class 23 – Revision, Mathematics Logic Assessment & Problem-Solving Evaluation

Topics Covered

- Revision of Number Patterns
- Revision of Number Sequences
- Revision of Logical Reasoning
- Revision of Visual Puzzles
- Revision of Mental Mathematics
- Revision of Sudoku & Strategy Games
- Revision of Problem-Solving Skills
- Mathematics Logic Quiz
- Brain Teaser Practice
- Team Logic Challenge
- Oral Reasoning Assessment
- Practical Assessment
- Teacher Feedback & Improvement Tips
- Final Revision
