

Class IX – Term I Syllabus

Courses

1. AI Productivity Tools
 2. Prompt Engineering Basics
 3. Digital Content Creation
 4. Presentation & Communication Skills
-

Course Structure

Chapter	Classes	Topics Covered	Practical Training (10 Minutes)	Chapter-End Activity
Chapter 1: AI Productivity Tools	Classes 1–6	Class 1: Introduction to AI Productivity Tools. Class 2: AI for Research & Information Gathering. Class 3: AI for Note-making & Summarization. Class 4: AI for Study Planning & Presentations. Class 5: Responsible AI Use & Fact Checking. Class 6: Revision & AI Productivity Applications.	Class 1: Explore an AI Tool Interface. Class 2: Generate Research Points Using AI. Class 3: Summarize a Passage Using AI. Class 4: Create a Study Plan or Presentation Outline. Class 5: Verify AI-Generated Information Using Trusted Sources. Class 6: Practice AI Productivity Tasks & Revision.	Individual: AI Productivity Quiz & Mini AI Task. Team: AI Productivity Workshop. Recognition: Best AI Researcher Award, Best AI Productivity Team Award & Practical Evaluation.
Chapter 2: Prompt Engineering Basics	Classes 7–12	Class 7: What is Prompt Engineering? Class 8: Writing Effective Text Prompts. Class 9: Prompting for Images & Designs. Class 10: Prompting for Presentations & Learning. Class 11: Improving & Refining Prompts. Class 12: Revision & Prompt Engineering Applications.	Class 7: Write a Simple AI Prompt. Class 8: Improve a Weak Prompt. Class 9: Create an Image Prompt for a Poster. Class 10: Write a Prompt for Presentation Slides. Class 11: Compare Different Prompt Results & Improve Them. Class 12: Prompt Writing Practice & Revision.	Individual: Prompt Engineering Quiz & Prompt Assessment. Team: Prompt Writing Challenge. Recognition: Best Prompt Engineer Award, Best Prompt Design Team Award & Practical Evaluation.
Chapter 3: Digital Content Creation	Classes 13–18	Class 13: Introduction to Digital Content Creation. Class 14: Poster Design Principles. Class 15: Infographic Design. Class 16: Presentation Design. Class 17: Short Video Creation Basics. Class 18: Revision & Digital Content Applications.	Class 13: Explore Examples of Digital Content. Class 14: Design a Professional Poster. Class 15: Create a Simple Infographic. Class 16: Design a 3–4 Slide Presentation. Class 17: Create a 20–30 Second Short Video in Canva. Class 18:	Individual: Digital Content Quiz & Mini Design Assessment. Team: Digital Content Creation Challenge. Recognition: Best Digital Creator Award, Best Creative Team

Chapter	Classes	Topics Covered	Practical Training (10 Minutes)	Chapter-End Activity
			Improve and Review Digital Content.	Award & Practical Evaluation.
Chapter 4: Presentation & Communication Skills	Classes 19–24	Class 19: Effective Communication Skills. Class 20: Public Speaking & Voice Modulation. Class 21: Professional Presentation Skills. Class 22: Body Language & Audience Engagement. Class 23: Handling Questions with Confidence. Class 24: Revision & Presentation Applications.	Class 19: Pair Discussion Activity. Class 20: One-Minute Speech Practice. Class 21: Present Canva Slides. Class 22: Practice Eye Contact & Body Language. Class 23: Answer Audience Questions Confidently. Class 24: Final Presentation Rehearsal & Assessment.	Individual: Presentation Skills Quiz & Mini Presentation Assessment. Team: Presentation Challenge. Recognition: Best Presenter Award, Best Communication Team Award & Practical Evaluation.

Term I Activities

- AI Productivity Workshop
- Prompt Writing Challenge
- Digital Content Creation Challenge
- Presentation Challenge
- Computer Quiz Competition

Learning Outcomes

At the end of **Class IX – Term I**, students will be able to:

- Use **AI productivity tools** for research, note-making, study planning, summarization, and responsible AI usage.
- Write effective prompts for generating **text, images, presentations, and learning resources** using AI tools.
- Create professional **digital content**, including posters, infographics, presentations, and short videos using Canva and AI-assisted tools.
- Demonstrate effective **presentation, public speaking, communication, audience engagement, and confidence-building** skills.
- Apply digital creativity, critical thinking, teamwork, and responsible AI practices in academic and real-world projects.
- Present ideas confidently through individual and team-based activities while following ethical and safe digital communication practices.

Category	Activities
AI Skills	AI Research & Information Gathering, AI Note-making & Summarization, AI Study Planning, AI Presentation Outline Creation, Fact Checking, Responsible & Ethical AI Usage
Prompt Engineering Skills	Basic Prompt Writing, Text Prompt Creation, Image Prompt Engineering, Presentation Prompting, Prompt Refinement & Optimization, Comparing AI Prompt Results
Digital Content Skills	Professional Poster Design, Infographic Design, Canva Presentation Design, Social Media Creative Design, Short Video Creation (20–30 Seconds), Content Review & Improvement
Presentation & Communication Skills	Public Speaking, Voice Modulation, Body Language Practice, Eye Contact, Audience Interaction, Question Handling, Presentation Delivery, Digital Communication
Team Collaboration	AI Productivity Workshop, Prompt Writing Challenge, Digital Content Creation Challenge, Canva Presentation Challenge, Group Discussion & Team Presentation
Recognition	Best AI Researcher Award, Best Prompt Engineer Award, Best Digital Creator Award, Best Presenter Award, Best Communication Team Award, Best Overall Performer Award
