

Chapter 2: Prompt Engineering & AI Content Creation

Class 7: Practical / Activities (10 Minutes)

Topic: Create Effective AI Prompts

Activity 1: Create Effective AI Prompts (4 Minutes)

Objective

To help students understand how to write clear, specific, and well-structured AI prompts that generate accurate, relevant, and useful responses for academic and creative tasks.

Materials Required

- Computer/Laptop or Tablet
 - Internet Connection
 - AI Tool (ChatGPT, Google Gemini, Microsoft Copilot or Perplexity AI)
 - Student Prompt Writing Worksheet
 - Notebook & Pen
 - Teacher Observation Sheet
-

Instructions

1. Open any AI tool.
2. Select one topic from the list below.
3. Write an effective prompt using the **Role + Task + Context + Format** structure.
4. Enter the prompt into the AI tool.
5. Read the AI-generated response carefully.
6. Check whether the response matches your expectations.
7. If necessary, improve the prompt and generate a better response.

Suggested Topics

- Artificial Intelligence
 - Climate Change
 - Renewable Energy
 - Water Conservation
 - Cyber Safety
 - Healthy Lifestyle
 - Digital Citizenship
 - Space Exploration
 - Plastic Pollution
 - Sustainable Development
-

Sample Prompt

Prompt:

"Act as a Science Teacher. Explain Renewable Energy for Class X students in simple language with five key points, two real-life examples, and a short conclusion."

Student Prompt Writing Worksheet

Task	Completed (✓)
Topic Selected	☐
Prompt Written	☐
AI Response Generated	☐
Response Reviewed	☐
Prompt Improved	☐
Final Prompt Completed	☐

Student Activity Checklist

Students should:

- ✓ Select a suitable topic.
- ✓ Write a structured AI prompt.

- ✓ Generate an AI response.
 - ✓ Review the response carefully.
 - ✓ Improve the prompt if needed.
-

Teacher Observation Checklist

- ✓ Writes a clear prompt.
 - ✓ Uses proper prompt structure.
 - ✓ Reviews AI responses carefully.
 - ✓ Improves prompts effectively.
-

Activity 2: Compare Good and Weak Prompts (3 Minutes)

Objective

To help students identify the difference between weak and effective prompts and understand how prompt quality affects AI-generated responses.

Materials Required

- Prompt Comparison Worksheet
 - AI Tool
 - Teacher Evaluation Sheet
-

Instructions

1. Write one **weak prompt**.
2. Rewrite it as a **strong prompt**.
3. Generate AI responses for both prompts.

4. Compare the responses.
 5. Record the differences in the worksheet.
-

Example

Weak Prompt

"Tell me about pollution."

Improved Prompt

"Act as an Environmental Science teacher. Explain air pollution for Class X students using simple language, five key points, two real-life examples, preventive measures, and a short conclusion."

Prompt Comparison Worksheet

Evaluation Criteria	Weak Prompt	Improved Prompt
---------------------	-------------	-----------------

Clear Topic	☐	☐
Audience Mentioned	☐	☐
Specific Instructions	☐	☐
Output Format	☐	☐
Better AI Response	☐	☐

Discussion Questions

1. Which prompt produced a better response?
 2. Why was the improved prompt more effective?
 3. What information was missing in the weak prompt?
 4. How can prompt refinement improve AI responses?
-

Teacher Observation Checklist

- ✓ Identifies weak prompts.
 - ✓ Improves prompts logically.
 - ✓ Explains differences clearly.
 - ✓ Participates actively.
-

Activity 3: Prompt Reflection & Self-Assessment (3 Minutes)

Objective

To help students reflect on their prompt-writing skills and understand the importance of creating clear instructions for AI.

Materials Required

- Reflection Worksheet
 - Teacher Observation Sheet
-

Instructions

1. Complete the reflection worksheet.
 2. Share one effective prompt with the class.
 3. Explain why your prompt generated a good response.
 4. Write one improvement you will make in future prompts.
-

Reflection Worksheet

Answer the following questions:

1. What topic did you choose?

2. Write your final AI prompt.

3. How did the AI respond to your prompt?

4. What changes did you make to improve your prompt?

5. What is one important rule for writing effective AI prompts?

Self-Assessment Checklist

Skill	Yes	Needs Practice
I wrote a clear AI prompt.	☐	☐
I included role, task, context, and format.	☐	☐
I reviewed the AI response.	☐	☐
I improved my prompt successfully.	☐	☐
I understand how prompt quality affects AI responses.	☐	☐

Teacher Observation Checklist

- ☒ Demonstrates good prompt-writing skills.
- ☒ Reflects thoughtfully on AI usage.

- ✓ Participates confidently in class discussion.
 - ✓ Understands prompt refinement techniques.
-

Mini Practical Assessment Rubric

Assessment Area	Marks
Prompt Writing Skills	20
Prompt Structure (Role, Task, Context, Format)	20
AI Response Evaluation	20
Prompt Improvement & Refinement	20
Participation & Reflection	20
Total	100 Marks

Teacher Observation Checklist

- ✓ Writes effective AI prompts independently.
 - ✓ Uses the correct prompt structure to communicate with AI.
 - ✓ Evaluates AI-generated responses critically.
 - ✓ Refines prompts to improve output quality.
 - ✓ Demonstrates responsible AI use and active participation throughout the activity.
-

Practical Time Distribution

Activity	Duration
Create Effective AI Prompts	4 Minutes
Compare Good and Weak Prompts	3 Minutes
Prompt Reflection & Self-Assessment	3 Minutes
Total Practical Time	10 Minutes

Expected Learning Outcomes

After completing these practical activities, students will be able to:

- Write **clear, structured, and effective AI prompts** using the **Role–Task–Context–Format** method.
- Compare weak and strong prompts to understand their impact on AI-generated responses.
- Evaluate and refine prompts to produce more accurate, relevant, and high-quality results.
- Apply prompt engineering skills in **research, learning, assignments, presentations, and creative content creation**.
- Demonstrate responsible and ethical use of AI by creating thoughtful prompts and reviewing AI-generated responses before using them.
