

Chapter 3: Digital Content Creation

Chapter-End Activity

Individual Activity: Digital Content Creation Quiz & Mini Content Assessment

Objective

To evaluate students' understanding of digital content creation concepts and assess their ability to create professional digital content using AI-powered tools.

Part A – Digital Content Creation Quiz (10 Marks)

Choose the Correct Answer

1. Which AI tool is commonly used for creating posters and presentations?

- a) MS Paint
- b) Canva AI
- c) Notepad
- d) Calculator

Answer: b) Canva AI

2. Which type of digital content is mainly used for presenting data visually?

- a) Letter
- b) Infographic
- c) Email

d) Spreadsheet

Answer: b) Infographic

3. Which element helps organize information based on importance?

a) Animation

b) Visual Hierarchy

c) Decoration

d) Border

Answer: b) Visual Hierarchy

4. Which file format is commonly used for videos?

a) PDF

b) DOCX

c) MP4

d) TXT

Answer: c) MP4

5. Why should AI-generated content be verified before publishing?

a) To increase file size

b) To improve internet speed

c) To ensure accuracy and reliability

d) To change colors

Answer: c) To ensure accuracy and reliability

Part B – Short Answer Questions (10 Marks)

1. Define Digital Content Creation.
 2. Name any four AI tools used for digital content creation.
 3. What is an infographic?
 4. Why is visual hierarchy important?
 5. Mention two ethical practices while creating digital content.
-

Mini Content Assessment (20 Marks)

Students will complete **one** of the following tasks using an AI-powered tool:

- Design a Professional Poster
- Create an Educational Infographic
- Design a Presentation (5 Slides)
- Create a 30–60 Second Educational Video

Assessment Criteria

Criteria	Marks
Content Accuracy	5
Creativity	5
Design Quality	5
Use of AI Tools	5
Total	20 Marks

Team Activity: Digital Content Creation Challenge & Creative Media Workshop

Objective

To encourage teamwork by planning, designing, and presenting professional digital content using AI-powered creative tools.

Activity Instructions

1. Divide students into teams of **4–5 members**.
 2. Each team selects **one topic**.
 3. Create a complete digital media campaign that includes:
 - One Professional Poster
 - One Educational Infographic
 - One Social Media Post
 - One Presentation (5 Slides)
 - One 30–60 Second Educational Video (or Storyboard)
 4. Apply:
 - Visual Hierarchy
 - Typography
 - Color Harmony
 - Branding
 - AI Design Features
 5. Present the completed project to the class in **3–5 minutes**.
-

Suggested Team Topics

- Artificial Intelligence in Education
 - Cyber Safety Awareness
 - Save Water
 - Climate Change
 - Healthy Lifestyle
 - Renewable Energy
 - Digital Citizenship
 - Plastic-Free Environment
 - Smart Classroom
 - Environmental Protection
-

Team Evaluation Rubric

Assessment Area	Marks
Team Collaboration	20
Creativity & Innovation	20
Digital Content Quality	20
Effective Use of AI Tools	20
Presentation & Communication	20

Assessment Area	Marks
Total	100 Marks

Creative Media Workshop

Workshop Activities

Students will:

- Design a professional educational poster.
 - Create an infographic using charts, icons, and illustrations.
 - Develop a professional presentation.
 - Produce a short educational video using AI tools.
 - Present and explain their creative process.
 - Receive peer and teacher feedback to improve their work.
-

Recognition & Awards

Individual Awards

- Best Digital Creator Award
 - Best Poster Designer Award
 - Best Infographic Creator Award
 - Best Presentation Designer Award
 - Best Educational Video Creator Award
 - Most Creative AI Content Creator Award
-

Team Awards

- Best Creative Media Team Award
 - Best Digital Innovation Team Award
 - Best Visual Communication Team Award
 - Best AI Content Creation Team Award
 - Outstanding Collaboration Award
-

Practical Evaluation Rubric

Evaluation Criteria	Marks
Knowledge of Digital Content Creation	20
Practical Design Skills	20
Creativity & Innovation	20
Effective Use of AI Tools	20
Presentation, Teamwork & Professionalism	20
Total	100 Marks

Teacher Observation Checklist

- ✔ Demonstrates a clear understanding of digital content creation concepts.
 - ✔ Uses AI-powered tools effectively and responsibly.
 - ✔ Creates professional-quality posters, infographics, presentations, and videos.
 - ✔ Applies design principles such as layout, typography, color harmony, and visual hierarchy.
 - ✔ Shows creativity, originality, teamwork, and confidence during presentations.
 - ✔ Follows ethical digital practices, including copyright compliance and verification of AI-generated content.
-

Expected Learning Outcomes

After completing the Chapter-End Activity, students will be able to:

- Demonstrate mastery of **digital content creation concepts** through quizzes and practical tasks.
- Create professional **posters, infographics, presentations, social media graphics, and educational videos** using AI-powered tools.
- Apply professional design principles including **layout, typography, color harmony, branding, and visual hierarchy**.
- Collaborate effectively in teams to develop complete digital media projects.
- Evaluate and improve digital content using constructive feedback and reflective practices.
- Use AI tools ethically, responsibly, and creatively for academic, professional, and real-world digital communication.
