

Chapter 3: Digital Content Creation

Class 16: Practical / Activities (10 Minutes)

Topic: Design a Professional Presentation Using AI

Activity 1: Create a Professional Presentation Using AI (4 Minutes)

Objective

To help students design a professional presentation using AI-powered presentation tools by applying effective slide design, visual communication, typography, and presentation planning principles.

Materials Required

- Computer/Laptop or Tablet
 - Internet Connection
 - AI Presentation Tools (Canva AI, Microsoft PowerPoint Designer, Gamma AI, Google Slides, Beautiful.ai, Tome AI)
 - Student Presentation Planning Worksheet
 - Teacher Observation Sheet
-

Instructions

1. Open an AI-powered presentation tool.
2. Select a **professional presentation template**.
3. Choose one topic from the list below.
4. Create a presentation with **5–6 slides** including:
 - **Slide 1:** Title Slide
 - **Slide 2:** Introduction
 - **Slide 3–4:** Main Content
 - **Slide 5:** Summary
 - **Slide 6:** Thank You / Questions

5. Use:
 - High-quality images or icons
 - Professional fonts
 - Consistent color theme
 - AI-generated design suggestions
 6. Review the slides for readability and visual appeal.
 7. Save the presentation in PPT or PDF format.
-

Suggested Presentation Topics

- Artificial Intelligence in Education
 - Cyber Safety Awareness
 - Water Conservation
 - Climate Change
 - Renewable Energy
 - Digital Citizenship
 - Healthy Lifestyle
 - Space Exploration
 - Environmental Protection
 - Future Technologies
-

Presentation Planning Worksheet

Task	Completed (✓)
Topic Selected	☐
Presentation Template Selected	☐
Title Slide Created	☐
Main Content Slides Completed	☐
Images & Icons Added	☐
Summary Slide Included	☐
Presentation Saved	☐

Student Activity Checklist

Students should:

- ✓ Select an appropriate presentation topic.

- ✓ Create a well-organized slide deck.
 - ✓ Apply visual hierarchy and consistent formatting.
 - ✓ Use AI suggestions to improve slide design.
 - ✓ Save the completed presentation.
-

Teacher Observation Checklist

- ✓ Selects an appropriate presentation template.
 - ✓ Uses AI tools effectively.
 - ✓ Organizes content logically.
 - ✓ Designs visually appealing slides.
-

Activity 2: Enhance the Presentation Using AI Features (3 Minutes)

Objective

To help students improve their presentation by using AI-powered design recommendations, layouts, images, icons, animations, and speaker notes.

Materials Required

- Completed Presentation
 - AI Presentation Tool
 - Evaluation Worksheet
 - Teacher Evaluation Sheet
-

Instructions

1. Open the completed presentation.
 2. Use AI features to improve:
 - Slide Layout
 - Font Style and Size
 - Color Theme
 - Images and Icons
 - Transitions
 - Speaker Notes (optional)
 3. Ensure every slide is simple, readable, and visually balanced.
 4. Save the improved presentation.
-

Presentation Evaluation Worksheet

Evaluation Criteria	Yes	Needs Improvement
Clear Title	☐	☐
Well-Organized Slides	☐	☐
Professional Layout	☐	☐
Images & Icons Used	☐	☐
Consistent Color Theme	☐	☐
Readable Typography	☐	☐

Discussion Questions

1. Which AI presentation tool did you use?
 2. Which AI feature improved your presentation the most?
 3. Why are visuals important in presentations?
 4. How did AI help you save time while designing?
-

Teacher Observation Checklist

- ☒ Uses AI design suggestions effectively.
- ☒ Applies presentation design principles.
- ☒ Improves slide quality.

- ✓ Demonstrates creativity.

Activity 3: Present Your Slides & Reflection (3 Minutes)

Objective

To help students confidently present their AI-designed presentation, explain their design choices, and reflect on presentation design skills.

Materials Required

- Final Presentation
 - Reflection Worksheet
 - Teacher Observation Sheet
-

Instructions

1. Present your presentation in **1–2 minutes**.
 2. Explain:
 - Topic selected
 - AI presentation tool used
 - Slide structure
 - Design choices (colors, fonts, visuals)
 3. Receive peer feedback.
 4. Complete the reflection worksheet.
 5. Suggest one improvement for future presentations.
-

Reflection Worksheet

Answer the following questions:

1. What topic did you choose?

2. Which AI presentation tool did you use?

3. Which slide design feature improved your presentation the most?

4. What challenge did you face while creating the presentation?

5. Why is visual communication important in presentations?

Self-Assessment Checklist

Skill	Yes Needs Practice	
I created a professional presentation.	☐	☐
I used AI presentation tools effectively.	☐	☐
I applied proper slide design principles.	☐	☐
I organized content logically.	☐	☐
I presented my work confidently.	☐	☐

Teacher Observation Checklist

- ☒ Explains presentation design confidently.
 - ☒ Uses AI tools responsibly.
 - ☒ Demonstrates creativity and organization.
 - ☒ Participates actively in presentation and feedback.
-

Mini Practical Assessment Rubric

Assessment Area	Marks
Presentation Design Quality	20

Assessment Area	Marks
Content Organization	20
Creativity & Visual Appeal	20
Use of AI Tools & Presentation Principles	20
Presentation, Reflection & Participation	20
Total	100 Marks

Teacher Observation Checklist

- ☒ Demonstrates proficiency in creating professional presentations using AI-powered tools.
 - ☒ Organizes information into clear, well-structured, and visually engaging slides.
 - ☒ Applies presentation design principles such as layout, typography, color harmony, visual hierarchy, and consistency.
 - ☒ Uses AI responsibly to enhance slide quality while ensuring accuracy and originality.
 - ☒ Presents confidently, responds to feedback positively, and actively participates in class discussions.
-

Practical Time Distribution

Activity	Duration
Create a Professional Presentation Using AI	4 Minutes
Enhance the Presentation Using AI Features	3 Minutes
Present Your Slides & Reflection	3 Minutes
Total Practical Time	10 Minutes

Expected Learning Outcomes

After completing these practical activities, students will be able to:

- Design professional presentations using **AI-powered presentation tools**.
- Plan and organize presentation content with a clear introduction, main ideas, summary, and conclusion.

- Apply presentation design principles such as **visual hierarchy, typography, color harmony, layout consistency, and effective use of images and icons.**
- Enhance presentations using AI-assisted design recommendations and presentation features.
- Deliver presentations confidently while communicating ideas clearly and professionally.
- Develop practical skills for creating presentations used in **education, research, business, seminars, and public speaking.**
