

Chapter 4: Presentation & Visual Communication

Class 20: Practical / Activities (10 Minutes)

Topic: Design Visually Appealing Presentation Slides

Activity 1: Design Professional Presentation Slides (4 Minutes)

Objective

To help students create visually appealing presentation slides using AI-powered presentation tools by applying visual communication principles, layout, typography, color harmony, and appropriate graphics.

Materials Required

- Computer/Laptop or Tablet
 - Internet Connection
 - AI Presentation Tools (Canva AI, Microsoft PowerPoint Designer, Google Slides, Gamma AI, Beautiful.ai, Tome AI)
 - Copyright-Free Images & Icons
 - Student Slide Design Worksheet
 - Teacher Observation Sheet
-

Instructions

1. Open an AI-powered presentation design tool.
2. Select a professional presentation template.
3. Choose one topic from the list below.
4. Create **5 presentation slides**:
 - **Slide 1:** Title Slide
 - **Slide 2:** Introduction

- **Slide 3:** Main Content
 - **Slide 4:** Images, Charts or Infographics
 - **Slide 5:** Summary & Thank You
5. Apply the following design principles:
 - Consistent color theme
 - Readable fonts
 - Visual hierarchy
 - Proper alignment
 - Balanced layout
 - High-quality images and icons
 6. Review the presentation and save it in **PPT or PDF** format.
-

Suggested Presentation Topics

- Artificial Intelligence in Education
 - Cyber Safety
 - Climate Change
 - Water Conservation
 - Renewable Energy
 - Healthy Lifestyle
 - Space Exploration
 - Digital Citizenship
 - Environmental Protection
 - Smart Learning Technologies
-

Student Slide Design Worksheet

Task	Completed (✓)
Topic Selected	☐
AI Presentation Tool Selected	☐
Presentation Template Selected	☐
Five Slides Created	☐
Images & Icons Added	☐
Color Theme Applied	☐
Presentation Saved	☐

Student Activity Checklist

Students should:

- ✓ Select an appropriate presentation topic.
 - ✓ Design five professional presentation slides.
 - ✓ Apply visual communication principles.
 - ✓ Use AI design suggestions.
 - ✓ Save the completed presentation.
-

Teacher Observation Checklist

- ✓ Uses AI presentation tools effectively.
 - ✓ Applies professional slide design principles.
 - ✓ Maintains consistency in layout and formatting.
 - ✓ Produces visually attractive slides.
-

Activity 2: Improve the Slide Design Using AI (3 Minutes)

Objective

To help students improve their presentation slides using AI-powered design suggestions, layouts, typography, and visual communication techniques.

Materials Required

- Completed Presentation Slides
- AI Presentation Tool
- Evaluation Worksheet
- Teacher Evaluation Sheet

Instructions

1. Open the completed presentation.
 2. Review each slide for:
 - Font readability
 - Color consistency
 - Alignment
 - Image quality
 - Visual hierarchy
 3. Use AI suggestions to improve:
 - Slide layout
 - Typography
 - Icons
 - Images
 - Color combinations
 4. Save the improved presentation.
-

Slide Evaluation Worksheet

Evaluation Criteria	Yes Needs Improvement	
Clear Slide Titles	☐	☐
Professional Layout	☐	☐
Good Typography	☐	☐
High-Quality Images & Icons	☐	☐
Consistent Color Theme	☐	☐
Visual Hierarchy Applied	☐	☐

Discussion Questions

1. Which AI presentation tool did you use?
 2. Which AI design suggestion improved your slides the most?
 3. Why is visual hierarchy important?
 4. How do colors and images improve audience understanding?
-

Teacher Observation Checklist

- ✓ Improves slide quality using AI suggestions.
 - ✓ Applies visual communication principles effectively.
 - ✓ Demonstrates creativity and logical organization.
 - ✓ Participates actively in class discussion.
-

Activity 3: Present Your Slides & Reflection (3 Minutes)

Objective

To help students confidently present their slide design, explain design choices, and reflect on visual communication skills.

Materials Required

- Final Presentation Slides
 - Reflection Worksheet
 - Teacher Observation Sheet
-

Instructions

1. Present your slides in **1–2 minutes**.
2. Explain:
 - Presentation topic
 - AI presentation tool used
 - Color theme
 - Typography
 - Images and icons used
 - Visual communication techniques applied
3. Receive peer and teacher feedback.
4. Complete the reflection worksheet.
5. Suggest one improvement for future presentation designs.

Reflection Worksheet

Answer the following questions:

1. Which presentation topic did you choose?

2. Which AI presentation tool did you use?

3. Which visual design principle improved your presentation the most?

4. What challenge did you face while designing the slides?

5. Why are visuals important in presentation slides?

Self-Assessment Checklist

Skill	Yes Needs Practice	
I designed professional presentation slides.	☐	☐
I used AI presentation tools effectively.	☐	☐
I applied visual communication principles.	☐	☐
I used consistent colors, fonts, and images.	☐	☐
I presented my work confidently.	☐	☐

Teacher Observation Checklist

- ☒ Explains slide design clearly and confidently.
- ☒ Demonstrates creativity and professionalism.
- ☒ Uses AI responsibly and effectively.

- ✔ Participates actively in presentation and peer review.

Mini Practical Assessment Rubric

Assessment Area	Marks
Slide Design Quality	20
Visual Communication & Layout	20
Creativity & Professional Appearance	20
Use of AI Tools & Design Principles	20
Presentation, Reflection & Participation	20
Total	100 Marks

Teacher Observation Checklist

- ✔ Demonstrates the ability to create visually appealing presentation slides using AI-powered tools.
 - ✔ Applies presentation design principles such as **layout, typography, color harmony, alignment, balance, consistency, and visual hierarchy**.
 - ✔ Uses high-quality images, icons, charts, and graphics to improve audience understanding.
 - ✔ Reviews and improves slide designs using AI suggestions while maintaining originality and accuracy.
 - ✔ Presents the completed slide deck confidently and actively participates in classroom discussions and peer feedback.
-

Practical Time Distribution

Activity	Duration
Design Professional Presentation Slides	4 Minutes
Improve the Slide Design Using AI	3 Minutes
Present Your Slides & Reflection	3 Minutes
Total Practical Time	10 Minutes

Expected Learning Outcomes

After completing these practical activities, students will be able to:

- Design **professional and visually appealing presentation slides** using AI-powered presentation tools.
- Apply visual communication principles, including **layout, typography, color harmony, alignment, balance, and visual hierarchy**.
- Select appropriate images, icons, charts, and graphics to improve audience engagement and understanding.
- Enhance presentation slides using AI-generated design recommendations while ensuring clarity, originality, and accuracy.
- Present slide designs confidently and explain the visual choices made during the design process.
- Develop practical skills for creating presentations used in **education, seminars, business meetings, project demonstrations, and professional communication**.
