

Chapter 2: Prompt Engineering Basics

Class 10: Practical / Activities (10 Minutes)

Topic: Write a Prompt for a Presentation Outline

Activity 1: Write an AI Prompt for a Presentation Outline (4 Minutes)

Objective

To help students learn how to write clear and effective AI prompts that generate well-structured presentation outlines for classroom learning and projects.

Materials Required

- Computer/Laptop or Tablet
 - Internet Connection
 - AI Tool (ChatGPT, Google Gemini, Microsoft Copilot, etc.)
 - Student Activity Worksheet
 - Notebook & Pen
 - Teacher Observation Sheet
-

Instructions

1. Open the AI tool.
2. Select a presentation topic provided by the teacher.
3. Plan the presentation by identifying:
 - Topic
 - Target Audience
 - Number of Slides
 - Presentation Purpose
 - Output Format
4. Write a complete AI prompt requesting a presentation outline.
5. Generate the outline using the AI tool.
6. Review the AI-generated outline for accuracy and organization.

Suggested Presentation Topics

- Artificial Intelligence
 - Climate Change
 - Water Conservation
 - Renewable Energy
 - Digital Safety
 - Cyber Security
 - Healthy Lifestyle
 - Space Exploration
 - Environmental Protection
 - Importance of Education
-

Sample AI Presentation Prompt

Create a professional 5-slide presentation outline on "Artificial Intelligence" for Class IX students. Include a title slide, introduction, key concepts, real-life applications, advantages, conclusion, and use simple English with bullet points.

Presentation Prompt Planning Worksheet

Prompt Component	Student Response
Presentation Topic	_____
Target Audience	_____
Number of Slides	_____
Purpose	_____
Output Format	_____
My AI Prompt	_____

Student Activity Checklist

Students should:

- ✓ Select a presentation topic.
- ✓ Mention the audience.
- ✓ Specify the number of slides.

- ✓ Request bullet points.
 - ✓ Use simple language.
 - ✓ Generate the presentation outline.
-

Teacher Observation Checklist

- ✓ Writes a complete presentation prompt.
 - ✓ Includes all required prompt elements.
 - ✓ Uses appropriate AI instructions.
 - ✓ Participates actively.
-

Activity 2: Improve the Presentation Prompt (3 Minutes)

Objective

To help students improve their presentation prompts by adding context, formatting requirements, and presentation details for better AI-generated results.

Materials Required

- AI Tool
 - Prompt Improvement Worksheet
 - Teacher Evaluation Sheet
-

Instructions

1. Review your first presentation outline.
2. Identify missing details.
3. Improve the prompt by adding:

- Slide titles
 - Images or visual suggestions
 - Speaker notes
 - Bullet points
 - Simple language
4. Generate the improved presentation outline.
 5. Compare both versions.

Prompt Improvement Example

Basic Prompt

Create a presentation about pollution.

Improved Prompt

Create a **6-slide classroom presentation on Air Pollution** for **Class IX students**. Include a title slide, introduction, causes, effects, prevention methods, conclusion, and one activity slide. Use **simple English, bullet points**, and suggest one relevant image for each slide.

Presentation Comparison Worksheet

Evaluation Criteria First Outline Improved Outline

Clear Slide Structure	☐	☐
Proper Headings	☐	☐
Bullet Points	☐	☐
Easy to Understand	☐	☐
Visual Suggestions	☐	☐
Classroom Friendly	☐	☐

Discussion Questions

1. Which prompt produced the better presentation outline?
 2. Why did the improved prompt provide better results?
 3. How did specifying the audience improve the content?
 4. Why is a structured outline important before designing slides?
-

Teacher Observation Checklist

- ✓ Improves presentation prompts.
 - ✓ Uses prompt engineering techniques.
 - ✓ Evaluates AI-generated outlines.
 - ✓ Participates in discussion.
-

Activity 3: Presentation Outline Sharing & Peer Review (3 Minutes)

Objective

To help students present their AI-generated presentation outlines, explain their prompt-writing strategy, and receive constructive feedback from classmates.

Materials Required

- AI-generated Presentation Outline
 - Peer Review Sheet
 - Teacher Observation Sheet
-

Instructions

1. Display your presentation outline.
 2. Read your AI prompt aloud.
 3. Explain why you selected the slide structure and content.
 4. Receive feedback from classmates.
 5. Suggest one improvement to your prompt.
-

Peer Review Worksheet

Evaluation Criteria	Excellent	Good	Needs Improvement
Prompt Quality	☐	☐	☐
Slide Organization	☐	☐	☐
Content Accuracy	☐	☐	☐
Creativity	☐	☐	☐
Presentation Planning	☐	☐	☐

Student Tasks

Students should:

- ✓ Present the outline confidently.
 - ✓ Explain the AI prompt.
 - ✓ Receive peer feedback.
 - ✓ Improve the presentation prompt.
 - ✓ Save the final version.
-

Teacher Observation Checklist

- ✓ Presents confidently.
 - ✓ Explains prompt structure.
 - ✓ Accepts feedback positively.
 - ✓ Demonstrates creativity and planning.
-

Mini Practical Assessment Rubric

Assessment Area	Marks
Presentation Prompt Writing	20
Presentation Planning	20
Prompt Improvement	20
Outline Organization	20
Participation & Communication	20
Total	100 Marks

Teacher Observation Checklist

- ✓ Writes detailed AI prompts for presentations.
 - ✓ Includes audience, slide count, format, and presentation purpose.
 - ✓ Improves prompts after reviewing AI-generated outlines.
 - ✓ Creates clear and organized presentation structures.
 - ✓ Participates actively throughout the practical session.
-

Practical Time Distribution

Activity	Duration
Write an AI Prompt for a Presentation Outline	4 Minutes
Improve the Presentation Prompt	3 Minutes
Presentation Outline Sharing & Peer Review	3 Minutes
Total Practical Time	10 Minutes

Expected Learning Outcomes

After completing these practical activities, students will be able to:

- Write clear and detailed AI prompts to generate professional presentation outlines.
- Include essential prompt elements such as **topic, audience, number of slides, purpose, output format, and presentation style**.
- Refine presentation prompts to improve the quality, organization, and clarity of AI-generated slide outlines.
- Evaluate AI-generated presentation outlines for structure, accuracy, and suitability for classroom presentations.
- Present and explain their prompt-writing process while providing and receiving constructive peer feedback.
- Demonstrate responsible and effective use of AI tools for creating educational presentations, projects, and learning materials.
