

Chapter 3: Digital Content Creation

Chapter-End Activity

Activity 1: Individual – Digital Content Creation Quiz & Mini Digital Content Assessment

Objective

To assess each student's understanding of digital content creation concepts, design principles, Canva skills, and ability to create professional digital content independently.

Materials Required

- Computer/Laptop or Tablet
 - Internet Connection
 - Canva Account
 - Digital Content Quiz Worksheet
 - Practical Assessment Sheet
 - Teacher Evaluation Sheet
-

Instructions

1. Students complete the **Digital Content Creation Quiz** individually.
 2. After the quiz, each student creates **one digital content project** using Canva.
 3. Students review and improve their work before submission.
 4. The teacher evaluates both theoretical knowledge and practical design skills.
-

Part A – Digital Content Creation Quiz

Multiple Choice Questions

1. What is digital content?

- a) Printed newspaper
 - b) Information created and shared using digital devices ☒
 - c) Handwritten notes
 - d) Blackboard writing
-

2. Which tool is commonly used to create posters, presentations, infographics, and videos?

- a) Calculator
 - b) Canva ☒
 - c) Paint Brush
 - d) Notepad
-

3. Which of the following is NOT a type of digital content?

- a) Poster
 - b) Infographic
 - c) Presentation
 - d) Blackboard Drawing ☒
-

4. Why should colours and fonts be consistent in a design?

- a) To confuse the audience
- b) To create a professional and attractive design ☒

- c) To make the design longer
 - d) It is not important
-

5. Which practice is important while publishing digital content?

- a) Copying others' work
 - b) Ignoring copyright
 - c) Using copyright-free resources and verifying information 
 - d) Posting without reviewing
-

Part B – Short Answer Questions

1. What is digital content creation?
 2. Name any four types of digital content.
 3. Why is planning important before creating digital content?
 4. Mention four poster design principles.
 5. What is an infographic?
 6. Why should presentations use bullet points?
 7. What is the purpose of a storyboard?
 8. Mention four responsible digital publishing practices.
-

Mini Digital Content Assessment

Students should complete **one** practical task.

Option A – Poster Design

Create an educational poster on "**Save Water.**"

Option B – Infographic

Create an infographic on "**Healthy Lifestyle.**"

Option C – Presentation

Create a **3–5 slide presentation** on "**Artificial Intelligence.**"

Option D – Short Educational Video

Create a **20–30 second educational video** on "**Digital Safety.**"

Teacher Observation Checklist

- ☒ Creates original digital content.
 - ☒ Applies design principles correctly.
 - ☒ Uses Canva effectively.
 - ☒ Demonstrates creativity.
 - ☒ Completes the assessment independently.
-

Activity 2: Team – Digital Content Creation Challenge & Creative Media Workshop

Objective

To encourage teamwork, creativity, communication, and digital design skills through collaborative content creation.

Materials Required

- Computer/Laptop or Tablet
- Internet Connection
- Canva Account

- Creative Media Worksheet
 - Chart Paper (Optional)
 - Teacher Evaluation Sheet
-

Instructions

1. Divide students into **groups of 3–5 members**.
 2. Each team selects one topic.
 3. The team creates **one complete digital media project** using Canva.
 4. Each member contributes to the project.
 5. Present the completed work to the class.
-

Suggested Workshop Topics

- Climate Change
 - Plastic-Free Earth
 - Digital Citizenship
 - Road Safety
 - Renewable Energy
 - Cyber Safety
 - Healthy Eating
 - Artificial Intelligence
 - Save Trees
 - Water Conservation
-

Team Project Options

Each team may create any one of the following:

- Educational Poster
 - Infographic
 - Professional Presentation
 - Short Educational Video
-

Creative Media Workshop Tasks

Each team should:

- ✓ Plan the content.
 - ✓ Divide responsibilities.
 - ✓ Design the project in Canva.
 - ✓ Review and improve the final work.
 - ✓ Present the project confidently.
-

Group Discussion Questions

1. Why did your team choose this content type?
 2. Which design principle was most useful?
 3. What challenges did your team face?
 4. How can digital content help educate people?
 5. How did teamwork improve the final project?
-

Teacher Observation Checklist

- ✓ Collaborates effectively.
 - ✓ Demonstrates creativity.
 - ✓ Applies design principles.
 - ✓ Uses Canva confidently.
 - ✓ Presents ideas clearly.
-

Activity 3: Recognition – Best Digital Creator Award

Objective

To recognize students who demonstrate outstanding creativity, design skills, originality, and effective communication through digital content creation.

Award Criteria

Students are evaluated based on:

- Creativity
 - Originality
 - Layout
 - Typography
 - Colour Harmony
 - Visual Hierarchy
 - Content Organization
 - Canva Skills
 - Communication
 - Overall Presentation
-

Recognition

Best Digital Creator Award

Awarded to the student who demonstrates exceptional creativity, professional design skills, and effective digital communication through outstanding digital content.

Activity 4: Recognition – Best Creative Media Team Award

Objective

To recognize the team that demonstrates excellent collaboration, creativity, innovation, and presentation skills.

Award Criteria

Teams are evaluated on:

- Teamwork
 - Planning
 - Creativity
 - Design Quality
 - Visual Communication
 - Canva Skills
 - Time Management
 - Presentation
 - Equal Participation
 - Overall Performance
-

Recognition

Best Creative Media Team Award

Awarded to the team that creates the most creative, informative, and professionally designed digital media project through excellent collaboration and communication.

Activity 5: Practical Evaluation

Objective

To evaluate students' practical understanding of digital content creation and their ability to apply design principles using Canva.

Practical Tasks

Students should demonstrate the ability to:

- Create educational posters.
- Design informative infographics.
- Develop professional presentations.
- Produce short educational videos.
- Apply colour, typography, layout, and visual hierarchy.
- Use Canva efficiently.
- Review and improve designs.

- Present digital content confidently.
 - Work responsibly and ethically.
 - Communicate ideas effectively.
-

Practical Evaluation Rubric

Assessment Area	Marks
Poster / Infographic / Presentation / Video Design	10
Canva Design Skills	10
Creativity & Originality	10
Layout & Visual Hierarchy	10
Typography & Colour Harmony	10
Content Organization	10
Digital Communication	10
Responsible Digital Content Creation	10
Team Collaboration & Presentation	10
Overall Practical Performance	10
Total	100 Marks

Teacher Observation Checklist

- ☒ Demonstrates proficiency in creating digital content using Canva.
 - ☒ Applies design principles such as layout, typography, colour harmony, alignment, and visual hierarchy.
 - ☒ Produces creative, organized, and audience-focused digital content.
 - ☒ Demonstrates responsible digital media creation and ethical publishing practices.
 - ☒ Collaborates effectively and communicates ideas confidently during presentations.
-

Chapter Learning Outcomes

After completing the **Chapter-End Activities** for **Chapter 3: Digital Content Creation**, students will be able to:

- Design **posters, infographics, presentations, and short educational videos** using Canva or similar digital tools.
- Apply essential design principles including **layout, typography, colour harmony, alignment, balance, and visual hierarchy**.
- Create original and engaging digital content for educational, awareness, and communication purposes.
- Evaluate and improve digital projects based on creativity, clarity, organization, and audience engagement.
- Work collaboratively to develop and present high-quality digital media projects.
- Demonstrate responsible digital citizenship by respecting copyright, using ethical design practices, and communicating information accurately and effectively.
