

Chapter 3: Digital Content Creation

Class 13: Practical / Activities (10 Minutes)

Topic: Explore Different Types of Digital Content

Activity 1: Identify Different Types of Digital Content (4 Minutes)

Objective

To help students identify, classify, and understand different types of digital content used in education, business, marketing, and social media.

Materials Required

- Computer/Laptop or Tablet
 - Internet Connection
 - Canva (or any digital design platform)
 - Teacher Presentation/Examples
 - Student Activity Worksheet
 - Notebook & Pen
 - Teacher Observation Sheet
-

Instructions

1. Observe the digital content examples displayed by the teacher.
 2. Identify the type of digital content shown.
 3. Discuss its purpose and where it is commonly used.
 4. Record your observations in the worksheet.
 5. Share one example with the class.
-

Digital Content Examples

- Educational Poster
 - Infographic
 - Presentation Slides
 - Social Media Post
 - Short Video
 - Digital Advertisement
 - Logo
 - Brochure
 - Website Banner
 - YouTube Thumbnail
-

Student Observation Worksheet

Digital Content	Purpose	Where It Is Used
Poster	Awareness	Schools, Public Campaigns
Infographic	Explain Information	Education, Reports
Presentation	Explain Ideas	Classroom, Meetings
Short Video	Education/Promotion	YouTube, Instagram
Social Media Post	Communication	Facebook, Instagram

Student Activity Checklist

Students should:

- ✓ Identify different types of digital content.
 - ✓ Explain their purpose.
 - ✓ Give real-life examples.
 - ✓ Complete the worksheet.
 - ✓ Participate in classroom discussion.
-

Teacher Observation Checklist

- ✓ Correctly identifies digital content.
 - ✓ Explains the purpose clearly.
 - ✓ Participates actively.
 - ✓ Demonstrates understanding.
-

Activity 2: Digital Content Classification Activity (3 Minutes)

Objective

To help students classify digital content according to its purpose and intended audience.

Materials Required

- Classification Worksheet
 - Printed/Digital Sample Content
 - Teacher Evaluation Sheet
-

Instructions

1. Study the digital content samples.
 2. Classify each item into the correct category.
 3. Mention the target audience.
 4. Explain why the content belongs to that category.
-

Classification Worksheet

Content Example	Category	Target Audience
Save Water Poster	Educational Poster	Students & Public
School Annual Day Invitation	Promotional Poster	Parents & Students
Healthy Food Infographic	Infographic	Students

Content Example	Category	Target Audience
Science Presentation	Presentation	Classroom
Cyber Safety Video	Short Video	Students & Parents

Discussion Questions

1. Which type of digital content attracts attention the fastest?
 2. Why are visuals important in digital communication?
 3. Which content type is most useful for classroom learning?
 4. How can digital content improve communication?
-

Teacher Observation Checklist

- ☒ Classifies content correctly.
 - ☒ Identifies the audience.
 - ☒ Explains reasoning clearly.
 - ☒ Participates in discussion.
-

Activity 3: Create a Simple Digital Content Plan (3 Minutes)

Objective

To help students plan a simple digital content project by selecting a topic, audience, and suitable content format.

Materials Required

- Planning Worksheet
- Notebook
- Canva (Optional)
- Teacher Observation Sheet

Instructions

1. Choose one educational topic.
 2. Decide which type of digital content is most suitable.
 3. Identify the target audience.
 4. Write a title and objective.
 5. Present your plan to the class.
-

Suggested Topics

- Save Water
 - Plastic-Free Earth
 - Healthy Eating
 - Cyber Safety
 - Tree Plantation
 - Artificial Intelligence
 - Road Safety
 - Clean India
-

Digital Content Planning Worksheet

Planning Item	Student Response
Topic	_____
Type of Content	_____
Target Audience	_____
Title	_____
Objective	_____
Design Tool	_____

Student Tasks

Students should:

- ✓ Select an appropriate topic.
- ✓ Choose the correct content type.
- ✓ Identify the target audience.

- ✓ Plan the content clearly.
 - ✓ Present their ideas confidently.
-

Teacher Observation Checklist

- ✓ Selects an appropriate content type.
 - ✓ Plans content logically.
 - ✓ Demonstrates creativity.
 - ✓ Communicates ideas effectively.
-

Mini Practical Assessment Rubric

Assessment Area	Marks
Identification of Digital Content Types	20
Content Classification Skills	20
Digital Content Planning	20
Creativity & Understanding	20
Participation & Communication	20
Total	100 Marks

Teacher Observation Checklist

- ✓ Identifies various digital content formats accurately.
 - ✓ Classifies content according to its purpose and audience.
 - ✓ Plans a suitable digital content project.
 - ✓ Demonstrates creativity and digital awareness.
 - ✓ Participates actively throughout the practical session.
-

Practical Time Distribution

Activity	Duration
Identify Different Types of Digital Content	4 Minutes
Digital Content Classification Activity	3 Minutes
Create a Simple Digital Content Plan	3 Minutes
Total Practical Time	10 Minutes

Expected Learning Outcomes

After completing these practical activities, students will be able to:

- Identify and differentiate between various types of digital content such as **posters, infographics, presentations, videos, social media posts, and digital advertisements.**
- Classify digital content based on its **purpose, audience, and application.**
- Plan a simple digital content project by selecting an appropriate topic, format, and target audience.
- Recognize the importance of visual communication in education, business, and public awareness.
- Develop creativity, communication, and digital literacy skills through hands-on planning activities.
- Demonstrate confidence in selecting the most suitable digital content format for different real-world situations.
