

Chapter 3: Digital Content Creation

Class 18: Practical / Activities (10 Minutes)

Topic: Digital Content Creation Practice, Revision & Practical Assessment

Activity 1: Digital Content Creation Practice & Revision (4 Minutes)

Objective

To help students revise and practice all the digital content creation skills learned in this chapter by creating and reviewing different types of digital content using Canva.

Materials Required

- Computer/Laptop or Tablet
 - Internet Connection
 - Canva Account
 - Student Revision Worksheet
 - Notebook & Pen
 - Teacher Observation Sheet
-

Instructions

1. Open **Canva** and log in to your account.
2. Review the digital content created during previous classes.
3. Choose **one** of the following projects:
 - Educational Poster
 - Infographic
 - Presentation
 - Short Educational Video
4. Check and improve:
 - Title

- Layout
 - Colour Theme
 - Images and Icons
 - Typography
 - Overall Design
5. Save the improved version of your project.
-

Student Revision Worksheet

Revision Task	Completed (✓)
Poster Reviewed	☐
Infographic Reviewed	☐
Presentation Reviewed	☐
Video Reviewed	☐
Design Improved	☐
Final Project Saved	☐

Student Activity Checklist

Students should:

- ✓ Review previous work.
 - ✓ Improve layout and design.
 - ✓ Check spelling and grammar.
 - ✓ Maintain colour consistency.
 - ✓ Save the final project.
-

Teacher Observation Checklist

- ✓ Revises previous projects effectively.
- ✓ Applies design principles correctly.

✓ Demonstrates creativity.

✓ Uses Canva confidently.

Activity 2: Digital Content Practical Challenge (3 Minutes)

Objective

To assess students' ability to independently create high-quality digital content within a limited time using Canva.

Materials Required

- Canva
 - Practical Challenge Worksheet
 - Teacher Evaluation Sheet
-

Instructions

1. The teacher assigns one topic.
 2. Students create **one digital content project** within **3 minutes**.
 3. The project may be:
 - Poster
 - Infographic
 - 3-slide Presentation
 - 20–30 second Educational Video
 4. Apply the design principles learned throughout the chapter.
 5. Save and submit the completed work.
-

Suggested Topics

- Artificial Intelligence
- Save Water
- Healthy Lifestyle

- Cyber Safety
- Plastic-Free Earth
- Renewable Energy
- Digital Citizenship
- Road Safety
- Tree Plantation
- Climate Change

Challenge Worksheet

Planning Item	Student Response
Topic	_____
Content Type	_____
Target Audience	_____
Main Message	_____
Canva Template Used	_____

Discussion Questions

1. Which type of digital content did you create?
 2. Which design principle was most important?
 3. How did Canva help you complete the project?
 4. What improvements would you make if given more time?
 5. Where can your digital content be used?
-

Teacher Observation Checklist

- ☒ Completes the project within the given time.
 - ☒ Demonstrates digital design skills.
 - ☒ Uses Canva effectively.
 - ☒ Participates actively.
-

Activity 3: Practical Assessment & Self-Reflection (3 Minutes)

Objective

To evaluate students' digital content creation skills and encourage self-reflection on creativity, communication, and responsible digital media practices.

Materials Required

- Practical Assessment Sheet
 - Self-Assessment Checklist
 - Teacher Observation Sheet
-

Instructions

Students review their completed project and complete the self-assessment checklist.

Self-Assessment Checklist

Skill	Yes	Needs Practice
I can create an educational poster.	☐	☐
I can design an infographic.	☐	☐
I can create a presentation in Canva.	☐	☐
I can create a short educational video.	☐	☐
I can use colours and typography effectively.	☐	☐
I can organize content clearly.	☐	☐
I can use Canva confidently.	☐	☐
I can create digital content responsibly.	☐	☐

Reflection Questions

1. Which digital content project did you enjoy the most?
 2. Which design skill would you like to improve?
 3. How can digital content creation help in your future studies?
 4. Why is responsible digital publishing important?
-

Teacher Observation Checklist

- ☒ Demonstrates understanding of all chapter concepts.
 - ☒ Reflects honestly on learning progress.
 - ☒ Uses digital tools responsibly.
 - ☒ Completes the assessment independently.
-

Mini Practical Assessment Rubric

Assessment Area	Marks
Poster / Infographic / Presentation / Video Creation	20
Canva Design Skills	20
Creativity & Visual Communication	20
Practical Application & Content Organization	20
Participation & Communication	20
Total	100 Marks

Teacher Observation Checklist

- ☒ Demonstrates proficiency in creating digital content using Canva.
- ☒ Applies layout, typography, colour harmony, images, and visual hierarchy effectively.
- ☒ Produces creative, organized, and informative digital content.
- ☒ Demonstrates responsible digital media creation and ethical publishing practices.

- ✓ Participates actively throughout the practical assessment.
-

Practical Time Distribution

Activity	Duration
Digital Content Creation Practice & Revision	4 Minutes
Digital Content Practical Challenge	3 Minutes
Practical Assessment & Self-Reflection	3 Minutes
Total Practical Time	10 Minutes

Expected Learning Outcomes

After completing these practical activities, students will be able to:

- Revise and apply all the **digital content creation skills** learned in the chapter.
- Create and improve **posters, infographics, presentations, and short educational videos** using Canva.
- Apply design principles such as **layout, typography, colour harmony, visual hierarchy, alignment, and balance** to produce professional-quality digital content.
- Evaluate and refine their work based on creativity, clarity, organization, and communication effectiveness.
- Demonstrate confidence in using digital design tools for academic projects, presentations, and awareness campaigns.
- Practice responsible digital content creation by following ethical guidelines, respecting copyright, and producing accurate, audience-focused content.
